
Section 1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

PRODUCT IDENTITY: KOYOBOND KR-190HR

MANUFACTURER'S NAME: KOYO SANGYO VIETNAM CO., LTD.

ADDRESS: Lot B_3B10_CN, My Phuoc Industrial Park 3, Thoi Hoa Ward, Ben Cat District,
Binh Duong Province, Vietnam

NAME OF SECTION: KOYOBOND DIVISION

TEL: +84-274-222-1567

FAX: +84-274-222-1566

DATE PREPARED: March 01, 2024

Section 2. COMPOSITION/INFORMATION ON INGREDIENTS

CLASSIFICATION OF

SINGLE OR MIXTURE: MIXTURE

CHEMICAL NAME: WATER BASED POLYMER

COMPOSITION:

Poly(vinyl acetate)	Cas No. 9003-20-7	15~20%
Vinyl acetate — Acrylic acid copolymer	Cas No. 24980-58-3	15~25%
Water	Cas No. 7732-18-5	55~70%

UN CLASS : Not applicable

Section 3. HAZARDS IDENTIFICATION

HAZARDS

IN JAPAN: No classification applied.

Section 4. FIRST AID MEASURES

EYE CONTACT: Immediately flush with running water for at least 15 minutes, and then consult a physician.

SKIN CONTACT: Remove contaminated clothing and shoes, and thoroughly rinse affected area with cold water or lukewarm water. In case of feeling unusual itchy, consult a physician.

INHALATION: Move to the place of fresh air, keep quiet and warm, and then consult a physician.

INGESTION: Give large quantities of water or milk immediately to induce vomiting, then roughly rinse out mouth, and consult a physician.

Section 5. FIRE FIGHTING MEASURES

EXTINGUISH MEDIA: Water, foam, dry chemical powder and halogenide.

FIRE FIGHTING

INSTRUCTIONS: Cut the source of fire off. Extinguish with using above media. Cool around area with water not to make the spread of fire. Fire fighting must be done from windward. Firemen had better wear self-contained breathing apparatus and other protective equipment.

Section 6. ACCIDENTAL RELEASE MEASURES

INSTRUCTIONS: Dike the flow with blankets or sandbags. In case of large spills, pump into containers using vacuum pump. In case of small spills, recover after solidifying with sand or sawdust. During cleanup, wear protective equipment such as boots, impervious gloves and protective goggles.

If the materials has been accidentally discharged into river, lake or ocean, notify the appropriate authorities immediately and take necessary action according to any applicable regulations.

Section 7. HANDLING AND STORAGE

INSTRUCTIONS: Never permit drinking or other ingestion. Use in well-ventilated area. Wear protect equipment such as side sealed glasses or goggles and impervious gloves, to prevent eye and skin contact. Always avoid temperatures above 35°C and below 5°C; do not leave in direct sunshine. Keep container tightly closed when not in use, to prevent film forming on the surface.

Section 8. EXPOSURE CONTROLS/ PERSONAL PROTECTION

EXPOSURE LIMIT: Not established.

ENGINEERING MEASURES: Partial exhaust equipment is recommendable.

PROTECTIVE EQUIPMENT: Eye Protection: Wear goggles or side sealed protective glasses.
 Hand Protection: Wear impervious gloves such as rubber gloves.
 Skin Protection: Wear work clothes.

Section 9. PHYSICAL AND CHEMICAL PROPERTIES

APPEARANCE: Milky white liquid

pH: 3.0~6.0

BOILING POINT: Approx. 100°C

MELTING POINT: Approx. 0°C

SOLUBILITY IN WATER: Infinitely dilutable with water.

Section 10. PHYSICAL HAZARD (STABILITY AND REACTIVITY)

STABILITY AND

REACTIVITY: Stable under normal state.

Section 11. TOXICOLOGICAL INFORMATION

No relevant information at present.

Section 12. ECOLOGICAL INFORMATION

Discharge into river, etc. may result in fish and shellfish death from respiratory failure due to adhesion of emulsion or other causes.

Section 13. DISPOSAL CONSIDERATIONS

Disposal should be done by fire.

The washings should be flocculated with flocculated agent, then disposed.

Dispose according to local and national laws and regulations.

Section 14. TRANSPORT INFORMATION

Inspect containers for leakage before loading for transport: ensure stable, secure loading, to preclude container shifting, failing and damage.

Follow the mode of transportation as provided in the Aviation Law, IATA; no toxic air, not the state prohibited goods, no corrosive, no risk of ignition and do not have any ingredients banned by air.

Section 15. REGULATION INFORMATION

No relevant information.

Section 16. OTHER INFORMATION

Standard of Formaldehyde

"Self-Management rule of countermeasures against indoor air contamination"

Enforced by Japan Adhesive Industries Association

F☆☆☆☆: 012014

4VOC: 505908

It is not always enough to evaluate of hazards and toxicity. Be careful to handle.
